Standard 10 – Monitoring course progress

Outcome of Standard 10

Registered providers systematically monitor students’ course progress. Registered providers are proactive in notifying and counselling students who are at risk of failing to meet course progress requirements. Registered providers report students, under section 19 of the ESOS Act, who have breached the course progress requirements.

10.1 The registered provider must monitor, record and assess the course progress of each student for each unit of the course for which the student is enrolled in accordance with the registered provider’s documented course progress policies and procedures.

10.2 The registered provider must have and implement appropriate documented course progress policies and procedures for each course, which must be provided to staff and students, that specify the:
   a. requirements for achieving satisfactory course progress
   b. process for assessing satisfactory course progress
   c. procedure for intervention for students at risk of failing to achieve satisfactory course progress
   d. process for determining the point at which the student has failed to meet satisfactory course progress, and
   e. procedure for notifying students that they have failed to meet satisfactory course progress requirements.

10.3 The registered provider must assess the course progress of the student in accordance with the registered provider’s course progress policies and procedures at the end point of every study period.

10.4 The registered provider must have a documented intervention strategy, which must be made available to staff and students, that specifies the procedures for identifying and assisting students at risk of not meeting the course progress requirements. The strategy must specify:
   a. procedures for contacting and counselling identified students
   b. strategies to assist identified students to achieve satisfactory course progress, and
   c. the process by which the intervention strategy is activated.

10.5 The registered provider must implement the intervention strategy for any student who is at risk of not meeting satisfactory course progress requirements. At a minimum, the intervention strategy must be activated where the student has failed or is deemed not yet competent in 50% or more of the units attempted in any study period.

10.6 Where the registered provider has assessed the student as not achieving satisfactory course progress, the registered provider must notify the student in writing of its intention to report the student for not achieving satisfactory course progress. The written notice must inform the student that he or she is able to access the registered provider’s complaints and appeals process as per Standard 8 (Complaints and appeals) and that the student has 20 working days in which to do so.

10.7 Where the student has chosen not to access the complaints and appeals processes within the 20 working day period, withdraws from the process, or the process is completed and results in a decision supporting the registered provider, the registered provider must notify the Secretary of DEST through PRISMS of the student not achieving satisfactory course progress as soon as practicable.
